

ISSEP TRAINING

TECHNOLOGY SOLUTIONS FOR
SMART BUSINESS™

About the course:

The Cairo Systems developed course integrates four key aspects into the program:

- Instructor Lecture/Discussion
- Knowledge Assessments
- Student Dedication

Course Includes

- Certified proven instructors
- Student workbook
- ISSEP Flashcards
- 2 days of training (14 hours)

Course Options

- Flexible schedules including day, evening or weekend sessions
- Dedicated classes for your organization
- Catering

Cairo Systems, LLC is pleased to now offer a high quality training program for the Information Systems Security Engineering Professional (ISSEP) Certification.

The ISSEP certification is designed for Infosec professionals who already possess the CISSP certification and desire to expand their knowledge by obtaining one of the three new concentrations that build upon the CISSP. This certification was developed to help NSA mandate a certification standard for its employees and contractors that work for NSA. **However, In order for a candidate to take and pass the ISSEP (or the ISSAP or ISSMP) they must already have the CISSP certification** (see table below):

CAIRO SYSTEMS, LLC

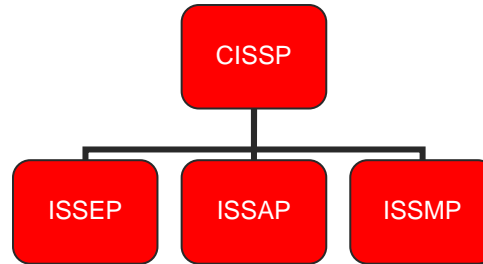

3213 Duke St #136
Alexandria, VA 22314

Phone: 703-751-4902

Fax: 703-751-0467

The ISSEP Training Program focuses on the four areas designated by (ISC)², the international non-profit organization dedicated to security and the sponsor of the ISSEP, ISSAP, ISSMP, CISSP and SSCP certifications. It is broken down into the following four domains:

- Systems Security Engineering
- Certification and Accreditation
- Technical Management
- U.S. Government Information Assurance Regulations

Give Cairo Systems a call today to see how we can help your organization meet its ISSEP Training needs!
